

Jungle Spirit: Call of the Wild™ Game Rules

- Jungle Spirit: Call of the Wild™ is a 243-bet way, 5-reel, 3-row video slot featuring Free Spins, a Symbol Expansion feature and a Butterfly Boost feature.
- In the main game, the game is played on 243 bet ways, 1 - 5 levels (20 coins per level), and different coin values.
- In Free Spins the game turns into a 5-reel, 4-row video slot, thus increasing the bet ways up to 1024.
- There are no bet lines.
- The bet level is set using the **LEVEL** selector.
- The coin value is set using the **COIN VALUE** selector.
- **COINS** displays the number of coins available to wager.
- **MAX BET** plays the game at 243 bet ways, the highest bet level, and the current coin value. When playing at any lower bet level, **MAX BET** must be clicked twice to play the round at the selected level.
- **AUTOPLAY** automatically plays the game for the selected number of rounds.
- Winning combinations and payouts are made according to the Paytable.
- Matching symbols in any position on three or more adjacent reels, starting from the leftmost reel to the rightmost reel, is a bet way win.
- Bet way wins pay if in succession from leftmost reel to right.
- Only the longest matching combination per symbol is paid.
- More bet way wins are created when additional instances of the symbol appear on the same reels that create the longest bet way win.
- It is possible to win on a Scatter symbol and a symbol at the same time, otherwise it is possible to win on 1 symbol only.
- A symbol win in coins is equal to the value shown in the Paytable multiplied by the bet level and the amount of times that symbol appears on each of the reels.
- A bet way win in coins is equal to the value shown in the **PAYTABLE** multiplied by the bet level.
- A bet way win in currency is equal to the win in coins multiplied by the coin value.

Example of a Way to Win payout at level 1

- 3 matching Tiger symbols on adjacent reels starting from the leftmost reel award 50 coins. This is multiplied by 2 (for 2 Tiger symbols on reel 3), giving a total win of $2 \times 50 = 100$.

Symbol Expansion Feature

- Each symbol in the game, except for the Scatter symbol, may be marked by butterflies.
- Whenever such a symbol takes part in a winning combination in both the main game or Free Spins, it expands to cover the entire reel.

Butterfly Boost Feature

- The Butterfly Boost feature is activated randomly in the main game during a win situation, when there are no Scatter symbols or symbols marked by butterflies on the reels.
- The butterflies fly around the reels and will expand 1 to 3 symbols that take part in a guaranteed winning combination. The expanded symbol will cover the entire reel.
- Butterfly Boost feature wins are added to any bet way wins.

Free Spins

- 3 to 5 Scatter symbols appearing anywhere on the reels in the main game activate Free Spins.
- Additional Free Spins cannot be won during Free Spins.
- If Free Spins are activated with either 4 or 5 Scatter symbols, the player receives a coin win that equals 15 or 50 times the bet respectively.
- On entering the Free Spins, the player chooses 1 out of 5 Free Spins animals.
- Each animal represents a dominant medium win symbol, meaning that only this of all medium win symbol is present on the reels.
- The Tiger awards the player 4 Free Spins, the Elephant - 8 Free Spins, the Bear - 12 Free Spins, the Crocodile - 16 Free Spins, the Cobra - 20 Free Spins.
- Options with fewer Free Spins have higher risk, but come with a higher win potential.
- At the end of Free Spins, the total win from Free Spins is added to any wins from the round that activated Free Spins (including the coin win, if any).
- At the end of Free Spins, the game returns to the round that activated Free Spins.
- Free Spins are played at the same bet level and coin value as the round that activated Free Spins.

Game Functions

- The table below lists the different buttons found in the game and describes their functions.

Button	Function
--------	----------

	<p>Click to start a game round at the current bet level and coin value (alternatively, press the spacebar).</p>
