

## Sparks™ Game Rules

- Sparks™ is a 5-reel, 3-row, 20-line video slot featuring Win One Way mode, Win Both Ways mode, Wild substitutions and an Expanding Cloning Wild.
- The game is played with 20 bet lines (fixed), 1-10 bet levels and different coin values.
- The game can be played in either Win One Way mode or in Win Both Ways mode.
- The bet level is set using the **LEVEL** selector.
- The coin value is set using the **COIN VALUE** selector.
- **COINS** displays the number of coins available to wager.
- When playing at the highest bet level, **MAX BET** plays the game at the maximum bet lines and the current coin value. When playing at any lower bet level, **MAX BET** must be clicked twice to play the round at the selected level.
- **AUTOPLAY** automatically plays the game for the selected number of rounds.
- Winning combinations and payouts are made according to the **PAYTABLE**.
- Bet level is the number of coins bet per bet line.
- A bet line win in coins is equal to the value shown on the **PAYTABLE** multiplied by the bet level.
- A bet line win in currency is equal to the win in coins multiplied by the coin value.
- In Win One Way mode, only the highest win per active betline is paid.
- In Win Both Ways mode, only the highest win per active bet line from both ways is paid.
- In Win One Way mode, bet line wins pay if in succession from the leftmost reel to the rightmost reel only.
- In Win Both Ways mode, bet line wins pay if in succession from both the leftmost reel to the rightmost reel and from the rightmost reel to the leftmost reel.
- When playing in Win One Way mode, or in Win Both Ways mode the applicable payable is displayed in the game.
- Simultaneous wins on different bet lines are added.
- All coin wins pay on bet lines only.

## Wild and Expanding Cloning Wild

- Wild symbols can appear randomly anywhere on the reels and substitute for all symbols except for Expanding Cloning Wild symbols.
- Wild symbol substitution pays the highest possible winning combination on a bet line according to the **PAYTABLE**.
- Expanding Cloning Wild symbols can appear anywhere on reels 2 and 4 only and substitute for all symbols.

- Expanding Cloning Wild symbol substitution pays the highest possible winning combination on a bet line according to the PAYTABLE.
- When the Expanding Cloning Wild symbol appears on the reels, it will either stay the same, expand up or expand down, or expand in both directions.
- The Expanding Cloning Wild clones the adjacent symbol/s from the reel on its left onto the reel to its right in both Win One Way and Win Both Ways modes.
- If Expanding Cloning Wilds appear on reels 2 and 4 in the same spin, and expand to appear on the same row, the original cloned symbol/s are cloned again onto the rightmost reel. For example, the original cloned symbol/s (from reel 1 to reel 3) can be cloned again (from reel 3 to reel 5).

- The Expanding Cloning Wild symbols will appear as an overlay on the spinning reels. Cloned symbols also appear as an overlay on the reels.
- The Expanding Cloning Wild symbols expand in the same way for the play One Way mode and the Win Both Ways mode.

## Game Functions

- The table below lists the different buttons found in the game and describes their functions.

Button	Function
	Click to start a game round at the current bet level and coin value (alternatively, press the spacebar).
