

## Starburst™ Game Rules

- Starburst™ is a 5-reel, 3-row video slot featuring the Starburst™ Wild with re-spins, and win both ways.
- You can play 1 to 10 bet lines at different bet levels and coin values.
-  The spin button plays the game at the current bet lines, bet level, and coin value (alternatively, press the spacebar).
- **MAX BET** plays the game at the maximum bet lines, highest bet level, and the current coin value.
- **AUTOPLAY** automatically plays the game for the selected number of rounds (alternatively, click the **AUTO** button).
- Winning combinations and payouts are made according to the **PAYTABLE**.
- Alternatively, click any symbol on the reels during the main game to view a mini paytable for that symbol.
- Bet level is the number of coins bet per bet line.
- A bet line win in coins is equal to the value shown on the **PAYTABLE** multiplied by the bet level.
- A bet line win in currency is equal to the win in coins multiplied by the coin value.
- Starburst™ Wild symbols substitute for all symbols.
- Only the highest winning combination on an active bet line from either leftmost to right and/or rightmost to left is paid.
- Bet line wins pay when in succession from both leftmost to right and rightmost to left.
- Simultaneous wins on different bet lines are added.
- Game History is not available when **PLAYING FOR FUN**.
- **COINS** displays the number of coins the player has available to wager.

## Starburst™ Wilds

- The Starburst™ Wild symbols can only appear on reels 2, 3 and 4.
- One or more Starburst™ Wilds appearing anywhere on reels 2, 3, or 4 activates the Starburst™ Wild feature.
- During the Starburst™ Wild feature, the Starburst™ Wilds expand to cover the entire reel and remain in place while the other reels re-spin.
- If a new Starburst™ Wild appears during a re-spin, it expands and holds in place together with any previously expanded Starburst™ Wilds for another re-spin.
- The Starburst™ Wild feature ends when no new Starburst™ Wilds appear during a re-spin.
- Up to 2 additional Starburst™ Wild symbols can appear after a Starburst™ Wild activates a re-spin, triggering 1 additional re-spin for each appearing Starburst™ Wild symbol, for a maximum of 3 re-spins.
- Re-spins are played at the same bet as the round activating the re-spins.

## Advanced Autoplay Options

- To set advanced autoplay options click **AUTOPLAY** in the keypad or **AUTO** in the game panel, and then click **Advanced settings**.
- **On any win**. Stop Autoplay when you win in a round.
- **If single win exceeds**. Stop Autoplay when the amount you win exceeds or equals the amount you specify.
- **If cash increases by**. Stop Autoplay if cash increases by the amount you specify.
- **If cash decreases by**. Stop Autoplay if cash decreases by the amount you specify.
- **Note:** When changing Autoplay settings during a game round, all settings will take effect once the game round or feature is completed.
- **Note:** If you are disconnected while playing, all Autoplay settings will return to default when you reload the game.
- **Note:** Some autoplay options are mandatory for some jurisdictions.

## Game Setting Options

- To access game settings, click the spanner icon in the game panel.
- **Quick spin**. Turns the Quick spin option on or off (not available in all casinos).
- **Intro screen**. Turns the intro screen on or off.
- **Animations**. Turn the animations on or off.
- **Ambience sound**. Turns the background soundtrack on or off.
- **Sound effects**. Turns the game sound effects on or off.
- **Graphics quality**. Adjusts the graphic quality for optimal performance.
- **Spacebar to spin**. Turns the spacebar function on or off.
- **Game history**. Click to view your latest game history (not available when **PLAYING FOR FUN**).
- **Note:** Some casinos may operate without all of the listed game settings.

## Return to Player

- The theoretical return to player for this game is 96.1%

## Additional Information

- The following game features and settings may be subject to the terms and conditions of the gaming site. For more information on the following, refer to the gaming website:
  - The procedures used to manage unfinished game rounds.
  - The time after which inactive game sessions automatically end.
- In the event of malfunction of the gaming hardware/software, all affected game bets and payouts are rendered void and all affected bets refunded.
