## PAYLINES

The following lines can contribute to wins. A win can occur on any or all of these lines. Wins on multiple paylines are added together. Total line bet must be divided equally between each active payline; therefore, all total bet amounts are not available. The total bet is the number of lines multiplied by the cash bet on each line.

Any combination of wins in a single game is limited and will not exceed £250,000.00. It may not be possible to reach this limit in a single game from every stake configuration.

Only active paylines can register wins.
